TO EDITORS AND PUBLISHERS:

We hand you herewith our Price List, for Fall of 1871. Our stock is very full and complete, and of the best quality.

Should you, on examination, find anything on our List which you wish to procure, and pay for **IN ADVERTISING,** we should be glad to receive terms and proposals from you.

Any favorable notices which you may give us, will be fully appreciated and reciprocated, should opportunity offer.

We will willingly receive and place on file any copies of your paper, with which you may favor us.

Very Respectfully,

A. Bryant, Jr.

Princeton, Aug., 22, 1871.

PRINCETON, ILL.

Republican Steam Press Print, Princeton, Ill.

ANNOUNCEMENT.

In presenting our Wholesale List for the Fall of 1871 we take pleasure in saying that our stock of all kinds is very fine, and would call attention to the following articles: APPLE TREES, one to three years, EVERGREENS, APPLE STOCKS, and FOREST TREE SEEDLINGS. Also to our Persimmon and Catalpa Seedlings, which we offer at very low rates.

We invite special attention to our list of TREE SEEDS.

We do not claim to sell at lower prices than any one else, but we do aim to handle *only good* stock, and at as reasonable rates as it can be afforded by any one.

THE PACKING SEASON

Begins, with us, usually about the 15th of October, and continues until the middle of November, or later, according to the season.

Southern orders can be shipped by express almost any time during the winter, provided they are sent in *early*.

TERMS AND CONDITIONS.

Terms NET CASH,—with order, or before shipment of stock.

No stock sent out on any other terms, except by special agreement.

Special attention given to packing, for which we charge cost of material and labor. All stock delivered at the Depot or Express office free of charge, after which it is entirely at the risk of the purchaser.

Any errors which may occur in filling orders, cheerfully corrected, if notified of same within *ten days after receipt of goods*, otherwise no claims for deduction allowed.

Prices given in this list are for the quantities *specified*. If a less number is taken the price will be proportionately increased.

We reserve the selection of varieties to ourselves, but will give the purchaser his choice, as far as possible.

Orders should be written plainly, giving full and explicit directions as to route and manner in which stock is to be shipped.

We publish the following Lists, which will be sent to applicants who enclose stamps to prepay postage:

FOREST TREES.

To supply the large and increasing demand for trees for "Timber Planting," we are paying especial attention to the raising of Tree Seedlings for this purpose.

Please remember that the trees which we offer are all *Nursery grown*, thrifty and well-rooted, and our prices very *low*, considering the quality of stock. For timber, plant 4 x 4 feet, and thin out as necessary.

In this connection we wish to call attention to a new work on "Forest Trees," by ARTHUR BRYANT, Sen., especially written for Forest Tree planters. It is a valuable work, which every tree planter should have.

FOREST TREES,

FOR

Shelter, Ornament and Profit.

By ARTHUR BRYANT, Sen.,

President Illinois State Horticultural Society, 1871.

A new and valuable Book, specially written to meet the Forest Tree necessities of our country. Gives tree planters every needed instruction what to plant for Screens, for Ornamental Purposes, and for Profitable Tree Plantations. Tells the Cultivator how to plant, when, and where; is written in a simple and practical manner, and suited to the taste and comprehension of every one. Every Farmer, Horticulturist, and Tree Planter will find it one of the most valuable volumes ever published, absolutely necessary for their own use, and indispensable for every rural library.

CONTENTS:

CHAPTER	1.	Introduction.
"	2.	Evils Attending the Destruction of the Forests.
"	3.	Favorable Influences of the Forest.
"	4.	Influence of Wood upon Moisture and Rain Fall.
"	5.	Change of Climate in the Prairie Region.
"	6.	Practicability of Raising Timber.
"	7.	Propagation and Planting of Forest Trees.
"	8.	Pruning and Thinning.
"	9.	Exclusion of Animals from Woodlands.
"	10.	Screens for Shelter.
